Is there anything that you are nervous about - don't be shy we need to know so that we can possibly tailor your ride to make you as comfortable as possible!																
Riding Experience - please be honest! It is important that for our trail rides you are capable of riding in a balanced manner, are competent in canter and can jump a small obstacle (ditch or log!) if necessary. The more information you give us, the easier it is for us to find the best horse to make your ride as enjoyable as possible.																
<i>Note: During the first half day of the ride, we will assess your riding to check that you are comfortable on the horse allocated and can ride competently. We do not require you to be an 'expert' rider, but you do need to be balanced and to have basic control over your horse in walk, trot and canter for our horses sake.</i>																

**Most of our trail riding holidays involve challenges of some kind or another due to the terrain we ride. Our horses are all very experienced on these trails and are all comfortable with doing the things on the list below. Please tick the boxes to show which you feel comfortable with.**
